The Alliance boundaries include those lower west side neighborhoods who incur the greatest impact from diesel emission along the Peace Bridge traffic corridor. The service area includes approximately 60 blocks of mixed use properties including single, double, and multiple homes and businesses.

The area includes several public elementary schools, two public high schools, D'Youville College, a public library, nursing facility, senior citizen housing complex, several churches, museum, world famous music hall, restaurants, food markets, small businesses, public parkland with soccer fields, tennis courts, baseball diamonds, playgrounds, public swimming pool, doggie parks, Buffalo Rowing Club, and The Buffalo Yacht Club.
